brand history

We aimed to prepare our customers for their most special days by combining knowledge with experience and art.

With silk slubs, dupont satins, mikado tulle, french guipures and haute couture laces of world-famous brands, which you can see very rarely in our products, we add unique splendor to the simplicity and purity of your wedding dresses and evening dresses.

We also catch the difference with modern vintage wedding dresses bearing the traces of the renaissance and baroque periods, and crystal chain wedding dresses that fall over the shoulders adorned with lace and swarovski.

In addition to these, we bring our couples together with the best companies of Ankara for hair design, make-up and photo shoots.

Züleyha Kuru Fashion House aims to be a reference for all its customers.

Create your own fairy tale
to be the most beautiful in your special day
